INTRODUCTION

I am Aniket Roy a dedicated and enthusiastic Full stack web developer with a strong foundation in Python, basic knowledge in java. My journey in software development has equipped me with comprehensive skills in web development, including HTML, CSS, and JavaScript in frontend. On the back-end, I used Node.js, Express.js, ejs and as database I used MongoDB. I thrive in dynamic environments where I can leverage my problem-solving abilities to create efficient and scalable solutions.

TECHNICAL SKILLS

- HTML
- CSS
- Javascript
- Python

- Ejs
- ExpressJS
- MongoDB

PROFESSIONAL EXPERIENCE

Vraio Software Solutions Private Limited.   **August 2024 - November 2024**

- I am interning as a Frontend Developer at Vraio Software Solutions Private Limited, where I am gaining hands-on experience in building responsive and interactive websites using HTML, CSS, JavaScript, and React. I collaborate with the design team to implement UI/UX designs and ensure cross-browser compatibility. Additionally, I have strengthened my skills in version control with Git and troubleshooting web application issues. This internship has provided me with valuable practical experience and improved my ability to work in a team while developing high-quality, user-friendly websites.
